

WORLD ATLATL ASSOCIATION

Annual Meeting, July 3, 1994, Radium, Colorado

Present were: President; "Boney" Cosyleon; Vice President, Tim Boucher; Secretary, Leni Clubb; Treasurer, Heidi Daetwyler; Editor of THE ATLATL newsletter, Bill Tate; Board of Directors: Keith Abernathy, Chris Judson, Charley Lilly. Also present were several other members of the World Atlatl Association.

The meeting was opened by President Cosyleon at 2:14 PM.

NEW BUSINESS: Tim Boucher opened a discussion regarding the enforcement of rules and regulations during the competition. He suggested that before the next contest, there be a meeting of the scorekeepers to clarify the rules. 1. Stepping on the line should be counted as a foul and there should be a penalty point added to the score especially at the Accuracy Target, but added, at all other targets as well. This has been a "bone of contention" at many of the contests among those who are highly competitive. Stepping on or over the line will be counted as a penalty point. 2. If the spear/dart breaks the black outline of the animal, it will be counted as the lower score number (2). The same holds for breaking the black outline of the bullseye (1), or the inner red circle outline (0). 3. If the spear breaks in flight, the thrower may take another throw with a new spear whether at a target throw or the accuracy throw. 4. WAA needs to establish policy and procedure for throw-off for place awards and also the CAS Greatest Honor Award. George Stewart suggested there should be five shots and if still tied, "sudden death" throw. Heidi Daetwyler made the motion that there should be a "Sudden Death" throw only on ties. The motion was seconded by Chris Judson. Discussion followed. It was decided that if there is a tie again, another "sudden death" throw. It was mentioned by Leni Clubb, that these changes in the rules apply to WAA, but could apply to CAS contests also. All agreed. 5. After discussion, it was decided that for CAS competition for the Greatest Honor Award, there should be four (4) throws between the first place winners in the first three categories (Men, Women, Under 16) to determine the winner, with a "sudden death" throw if a tie. 6. Scorekeepers will meet with contestants before the contest at least ½ hour prior to the contest. Leni stated that she would re-write the rule sheets before any future contests conducted by WAA or CAS.

Discussion was held after the reading of the request by the VALley of Fire State Park's request for the fifth contest to be conducted by WAA on April 9, 1995. Several of the Directors have been considering making the suggestion to both VALley of Fire and Fremont Indian State Parks that they now are able to conduct their own contests. 1995 will be the fifth for V. of F. and the third for FISP. Fremont has also requested that we conduct one in 1995, on either June 9, 10, 11 or 16, 17, 18, 1995. They will check on the scheduling of the sports event in 1995 that decreased spectator attendance this year for the atlAtl contest. (Note: Word has been received that they want the June 16, 17, 18, 1995 dates.) It was decided by those present at this annual meeting, that we will agree to conduct their contests in 1995, but that they should be prepared to do it themselves in 1996. Those of us that can, will participate as we have done in the past. This decision will allow us to consider other areas

that have tentatively requested that we conduct contests such as Idaho and Missouri.

Discussion was held regarding the Lorenz Bruechert Bibliography Project. At the April Board of Directors meeting at VALley of Fire, it was decided to offer Bruechert \$200.00 to cover postage expenses so far. We have received a letter from him thanking us for the financial support, but a check has not been sent to him as of this date. It was agreed that the bibliography, when published, will be a valuable source of information for those interested in the atlantl. WAA will wait until we hear from Bruechert before proceeding further.

Discussion was opened again regarding the length of time the WAA will agree to conduct contests for various organizations requesting our help in organizing, preparing flyers, furnishing mailing lists or labels, etc. Heidi Daetwyler made the motion to establish a policy of five years maximum and to have it clearly understood by the organization requesting our help. The motion was seconded, motion passed.

Discussion was held regarding New Mexico as a possible new area for a contest to be held. Questions were asked of Chris Judson, ranger at Bandelier National Monument, if a contest could be held there. She stated that it was not possible at this time Leni Clubb mentioned that the Idaho Tourist and Convention Bureau in Boise, Idaho had made several telephone calls to her regarding holding a contest at Celebration Park at Melba, Idaho. Also a request had been made by the new director of the park who had said he would send information on the park and a formal request. However, no information has been received. Bill Tate said that Lou Becker, Director, has asked for "sanction" for his Michigan event by the World Atlantl Association. Suggestions were made regarding importance of using our Safety Rules, Contest Rules, having two Safety Officers present, and possible proposal to Becker.

The use of the word SANCTION by WAA brought about an extended discussion. Several people said we could have second thoughts about sanctioning a contest in our name. How will we know what they do, how they follow our guidelines? It was felt by all that in order to sanction a contest, one of our Board of Directors must be present to assure that the Safety Rules and the conduct of the contest be enforced. Charging a fee for printing of Safety and Contest Rules plus safety vests was brought up. Suggestion was made that we should have an "Official" set of rules and regulations. Clubb said that a number of years ago at a CAS contest, scorekeepers met and prepared a list of instructions to cover what they had found to be areas of contention. This list of "instructions" are in addition to the regular rules given to each contestant at our WAA contests. Clubb said that before the next WAA conducted contest, she will rewrite the rules and incorporate suggestions heard today.

Chris Judson asked, "Do we really want to sanction contests? Will they listen to a Board Member?" Bill Tate said that WAA is being recognized as the authority on atlantls and atlantl contests and mentioned the letter from a WAA member in Belgium which recognizes WAA as an entity. Judson said she feels that we aren't in a position to sanction anything. Boney Cosyleon said we should keep any mention of a fee out of any negotiations to conduct a contest. We are not a business but are a non-profit organization. Fran Cosyleon suggested that we let other organizations use our guidelines and procedures, but not use the word sanction and that

we will act in an advisory capacity only and will participate, if possible. Motion was made by Fran, seconded and carried.

Bill Tate brought up the question of opening up the organization for the formation of Chapters. This was made in the form of a motion, seconded by B. Cosyleon, question by C. Judson. Question - like the Colorado Archaeological Society organization? Motion carried. This suggestion will be sent to all Board of Directors for their opinions and suggestions. The Secretary mentioned that very few of the Board members answer letters asking for opinions but that she would try to elicit some response.

President Cosyleon asked for the Annual Financial Report. Treasurer Heidi Daetwyler gave the report, (copy attached to these minutes.) L. Clubb made to motion to accept the report as read, seconded by Tim Boucher, motion carried.

Bill Tate mentioned his contest in THE ATLATL regarding the naming of the group of persons throwing with the atlatl. He has extended the closing date of the contest to February 1995 due to lack of participation. See page 2 of the April 1994 issue of THE ATLATL and also the October 1993 issue which first mentioned the contest.

Keith Abernathy brought up the matter of safety for spectators as well as participants. At the July 3rd contest, a group of spectators were possibly in jeopardy from carelessly thrown darts at the Accuracy target. It was agreed that we will be more careful next year, especially at the Accuracy target. At the target rounds, spectators are not allowed ON THE COURSE and Safety Officers will check the area and be made aware of any problems and will discuss the concerns at the meeting of the scorekeepers and participants before each contest. It was decided to have a minimum of a 45° angle for seating of the spectators at the accuracy target for their safety.

The Secretary announced that there would be no election to the Board of Directors this year. All are to serve another year.

Safety Rules discussion: Rules to include - 1. The holding of spears and atlatls by participants. Spears to be held in a vertical position in order not to endanger any part of fellow throwers. 2. Change to be made in use of term "horseplay" Find more appropriate word for the use of this description of conduct. 3. Change word "Shooter" to "Thrower". Bill Tate made the motion to make the above changes, seconded by Charley Lilly, motion carried. Tate will make the changes on his computer and reprint the safety rules to conform to the changes.

B. Tate requested permission to change the number of pages of the newsletter from 10 to 12 or 14 if necessary when he has a large volume of material for an issue. Permission granted.

Secretary Clubb asked about sending the membership list to all Board of Directors. It was decided that the Board will receive a up-dated list once a year as of the July up-date. Tate, B. Cosyleon, and Clubb will receive one quarterly.

The sixth Annual Meeting of the World Atlatl Association adjourned at 3:50 PM.

Respectfully submitted,

L. Clubb

WORLD ATLATL ASSOCIATION

Minutes of the meeting with Pete Weimer, Assistant Manager, and Dee Hardy, Ranger, of Fremont Indian State Park, Siever, Utah on June 11, 1994.

Members of the Board of Directors present were: Tim Boucher, Vice President; Leni Clubb, Secretary; Bill Tate, Editor of THE ATLATL; Wayne Brian, Board member; Hallie Cash and Marcia Tate, Safety Officers; Heidi Daetwyler, Treasurer.

The meeting was held as Mr. Weimer had indicated that the Park wished to continue hosting the event in 1995.

Discussion was held regarding the necessity of better publicity for the event. An article was published on Wednesday, June 8th in the local Richfield weekly paper, THE RICHFIELD REAPER. It was suggested that advance notice of the dates should be placed in various Southern Utah publications which are available to tourists free of charge such as Central Utah Adventure Guide which has a Calendar of Events and also possible articles in the Salt Lake Tribune, as well as the Reaper which only reaches a limited audience. Mr. Weimer agreed and said that the Park would be responsible for this. All present agreed that a larger audience was needed for the event as only Utah participants in addition to the World Atlatl Association members who came to conduct the contest were present. Twenty-two throwers participated, but only a few local people came to view the contest. WAA members came from California, Colorado, Arizona, Montana, and Utah.

Various ideas were presented regarding the publicity including mentioning that Wayne Brian, who is in the Guinness Book of World Records as the holder of the Long Distance Throw record, would try to break his own record at this meet. Suggestion was made that posters announcing the event with date and time be posted at the Visitors Center at the Park, at the Tourist Bureau in Richfield and various other bulletin boards in the vicinity. The Secretary, Leni Clubb, will make up a flyer for the Park to copy and distribute. Bright color paper was suggested for the flyers to attract attention. As soon as a definite date is determined, the Secretary will work up a flyer and get it to the Park by April 1995.

The World Atlatl Association will publish both the initial announcement and the final notice with registration form in THE ATLATL, the WAA newsletter.

Mr. Weimer asked that mailing labels be made for them again. It was agreed to furnish two sets of labels. They will mail to only the western states, but the notice will also be in THE ATLATL.

After discussion regarding the campsites, it was decided to reserve Campsites #27 and #28 for WAA members attending the event. The Camp Host will be notified to avoid any misunderstandings. Camping will be free to WAA members.

The Porta Potties which were placed at the throwing field will be permanently at the contest site.

Discussion was held regarding the dates for the contest. It was decided that either June 9-10 (contest on the 10th) or June 16-17 (contest on the 17th) would be selected to avoid the conflict that happened this year with Richfield having many sports events and a concert the same day as the contest this year. Mr. Weimer will notify the Secretary as soon as he can determine the best date.

It was decided that the Secretary will compose the two notices of the contest that will be mailed to WAA members after consultation by phone and/or letter with whomever is in charge of the event in 1995. This will be in addition to the flyers that will be posted locally.

It was noted that there needs to be better coordination between WAA and the Park for the contest and Mr. Weimer agreed.

Weimer also mentioned that there were several Bed and Breakfast facilities in Monroe, UT, which is much closer to the Park than Richfield as well as less expensive. He said he would make the arrangements for those who would like to stay closer and would prefer not to camp. The details will be worked out early next year.

Respectfully submitted,

*Leni*

Leni Clubb, Secretary  
WORLD ATLATL ASSOCIATION

ADDENDUM: There was discussion among the Board Members present that both VALley of Fire State Park and Fremont Indian State Park should be able in the very near future to conduct their own contests. This would leave WAA free travel to other states to conduct contests. We have already been contacted by the Idaho Tourist Bureau and, I believe, a group of atlatlers in Missouri. We will probably discuss this at our Annual Meeting at Radium, CO during the CAS Encampment either Saturday or Sunday.

Cosy of these minutes mailed to Board of Directors

WORLD ATLATL ASSOCIATION BOARD OF DIRECTORS MEETING  
VALLEY OF FIRE STATE PARK, April 8, 1994

The meeting was called to order by President Boney Cosyleon at 8:40 pm in the Beehive Group Campground. Board members present were: Tim Boucher, Vice President; Leni Clubb, Secretary; Kenneth Gramstad, Bill Tate, Wayne Brian. Marcia Tate, Safety Officer also present.

Letters from Lorenz Bruechert, Vancouver, B.C. regarding his extensive bibliography and research on references on "Old and New World Spearthrowers and Related Topics" was discussed at length. The bibliography at present is 67 pages and may increase by the time it is completed. He hopes to have information on the spearthrower from all parts of the globe. In his last letter dated February 15, 1994, he explained that the type of sponsorship he was interested in was a monetary donation to help offset the cost of having the bibliography privately published. Secretary Clubb passed the copy received to the other Board members to look over. Marcia Tate made a motion that we (WAA) recognize the effort and stated that he needs monetary support. Tim Boucher suggested that we send him some money to cover some of his expenses. It was agreed that the WAA needs to talk to him by phone and determine what he (Bruechert) envisions as a single copy price for the publication. Bill Tate suggested that we need to talk to him and have him clarify what he wants from us in the way of sponsorship. Boney will talk to him first and offer a couple of hundred dollars to help with postage expense. Tim said to tell him we would make a decision on sponsorship in July at our Annual WAA meeting after we receive the information from Bruechert. Boney said he will call him next week.

The financial standing of WAA was discussed. Tim reported that there was approximately \$2,646.00 in the bank. Leni stated that we must do something tangible with the money to maintain our Not for Profit Organization standing. A discussion on buying a copier for the Secretary followed. Leni said she had no place for a copier and it was as easy to drive in to El Centro for copies at 5 cents a page. Also, she said that the maintenance of a copier is expensive plus buying all the supplies. Discussion was tabled.

President Cosyleon then presented Bill Tate with a FELLOW certificate, nicely framed, in recognition of his outstanding dedication in the encouragement of the membership and education of the general public in the use of the ancient hunting weapon and modern sporting devise known as the Atlatl and Dart. The Fellowship entitles him to a Life Membership in the World Atlatl Association and recognizes him as Founder and Editor of THE ATLATL, the official WAA newsletter. An announcement of the award will also be made at the Annual Meeting of WAA in July during the CAS Encampment.

Marcia Tate discussed the new Safety Rules and distributed copies to the board members present. She asked that copies be distributed to all other Board members asking for opinions and suggestions. She suggested that at the July meeting, we get the suggestions of other WAA members present. After she receives opinions and suggestions, a final version will be presented for adoption to be used at all WAA conducted atlatl meets.

Boney said we are all aware of the dangers and need this help to instruct participants regarding safety rules. Once finalized, they will be handed out at all contests. It was suggested that a copy be published in the newsletter for all members to be aware of and it was decided that it would possible be in the October newsletter to membership. Marcia also passed around a release form that will have to be signed by participants. Discussion was held regarding defining the age of a minor in regard to the release form. Marcia will determine what constitutes a Minor in the various states where we conduct contests and add it to the release/consent form for parents or guardians to sign. Curtis Good suggested that we add to the rules that is any thrower is observed throwing in a reckless manner and endangering others, they can be removed. A set of rules and the consent form will be passed out to each contestant prior to the contest.

Leni brought up a request from the Idaho Convention and Tourist Bureau in Boise, Idaho, for the WAA to conduct a contest at Celebration Park near Melba, Idaho. Leni said she had had several phone calls about this and that the Director of the park will send us a packet about the park and a formal letter requesting the contest. The matter will be discussed again in July at the Annual Meeting of WAA.

The Secretary said she had received a letter from a new member requesting a membership list (but asked that his name and address not be distributed). Following a discussion, it was decided that Leni will put an item in her column "ON TARGET" stating that the list is for members only and will cost \$2.00 plus S & H.

Bill Tate discussed the possibility of compiling a booklet showing how to make an atlatl and dart, general information on throwing, resources for information on atlatls, how to conduct a contest following WAA Guidelines, etc. This could be a possibility in the next year or so. Volunteers would be needed to compile the information. Leni said there was a real need for this type of booklet as she gets many inquiries both accompanying new memberships and also renewals, plus letters asking for information. She has been copying what information she has compiled over the years and sending it out to those that ask for it.

Bill said that he had a letter from a new member, Tom Wilco, a dentist in Erie, PA, who has written a screenplay called THE ATLATL. It contains 100 pictures and 1135 pages. Wilco said he has a friend who knows Steven Steilberg and maybe he will contact Jane Fonda, who is interested in things archaeological. Bill also said he had received a letter from an Eskimo who had sent him a manuscript of a throwing board.

Leni passed around a thesis from Richard Vanderhoek, Urbana, IL, titled SPEARTHROWER TECHNOLOGY: Evolution of a Delivery System. Bill has also received one. Both Leni and Bill stated that it was an excellent work and Bill said it did need editing a bit. (Secretary's Note: If we get into the publishing business, this would be a good start.)

Discussion was held on when to hold the WAA Annual Meeting during the 1994 CAS Encampment. Sunday after the contest as a luncheon meeting was suggested. Bill moved to table the decision until after the June 11th contest at Fremont Indian State Park in Utah

Discussion was held regarding the ten (10) sets of atlatl equipment that was authorized to be purchased from Tate Enterprises last June at a Board of Directors' meeting held after the Utah contest. Bill has delivered them to this contest. Questions were asked about who should address the problem of issuing the equipment, the forms, etc. It was suggested that to make it fair, we should stagger the responsibility and also decide who was to carry it around and bring them to the various contests. Bill, Tim and Leni volunteered to divide the responsibility of transportation among each other. Issuing the equipment and the forms needs a volunteer. Anybody???

Wayne Brian announced that he had a new record and asked if WAA would go along with that to Guinness Book of Records. He felt that it would carry more weight. Bill Tate will get a certificate of our acceptance of his verification (signed statements from witnesses) and make copy of the witnesses signatures to send to Guinness and also publish it in the newsletter. As it was possible that Wayne might break his own record tomorrow, it was decided that he should wait until Wayne threw on Saturday. (Secretary's Note: After the contest and the presentation of the awards, the weather turned so bad with high winds that the long distance throw was not held.) Wayne also announced that he had established a record of 475'3" using primitive equipment.

Red Gramstad moved we adjourn, seconded by Bill Tate, at 10:30 pm.

Respectfully submitted,

*Leni Clubb*
