

The World Atlatl Association, Inc.

**When the scores are equal, the contestant having the most "X's" will be declared the winner. If the tie is not broken, the contestant having the most hits scoring ten will be declared the winner. If the tie still is not broken, the contestant with the most nines will be declared the winner. This process will continue using the most eights, and then the most sevens until the tie is broken. If this does not break the tie, the contestants will be declared co-winners and given the same rank.*
